Executive Summary

The CALMAC Website Committee held a regularly scheduled conference call to discuss the upcoming addition of weather data and potential revamp of the CALMAC home page. The next conference call will be on September 11, 2019 at 2:00 PM PDT.

Minutes of Conference Call – The purpose this conference call was to discuss the support contract and website performance during the last year.

1. Weather Data on CALMAC
 - a. CV2010 is the name of the current files – Used for Title 24 compliance, and for EE savings.
 - b. CPUC and CEC have worked together to update the files because they didn't include the last 10 years.
 - c. They want to post them on CALMAC because they were created with EM&V funds and they want to make it available to the public.
 - d. Will appear under the Toolkit tab on CALMAC.
 - e. Suggestion: Put a link on the Home page to the Toolkit and mention Weather data. **Action: Tim Caulfield**
 - f. The files will be named differently on the CEC and CALMAC websites.
 - g. Lead in file will be supplied by Rick Ridge and Brian Smith.
2. Revamp Homepage
 - a. Tim Caulfield, in conjunction with Jeff Yip of Third Strand, will develop suggestions for updating the Home page and send the committee suggestions to review. **Action: Tim Caulfield**
3. Any other business.

- a. Remove EM&V Contacts and EM&V Contractors pages? –Look at number of hits on these pages, and bring the information back to the group at the next call. **Action: Tim Caulfield**

The conference call was ended approximately 2:30 PM PST. The next call is scheduled for September 11, 2019 at 2 PM PDT.
