Appendix G

Upstream Program Participant Phone Survey Responses

This appendix provides the distribution of responses to the Upstream HVAC and Motors participant phone survey. For each question, values are shown as percent of survey participants and *n* represents the number of respondents who answered the question.

Appendix H

Non-Participant Phone Survey Responses

This appendix provides the distribution of responses to the non-participant phone survey. For each question, values are shown as percent of survey participants and n represents the number of respondents who answered the question.
