

Reference List of Maps Supporting the *Statewide Residential Customer Needs Assessment Study* (2001).

Introduction. Because over 200 large maps support this study, they have been separated and organized into 9 "publications" for easier downloading. Each "publication" is a zipped file consisting of several maps in adobe acrobat format. There are three "publications" containing the statewide maps; three containing the PGE maps; 2 containing the SCE maps; and 1 has maps for SDGE. Each of these "publications" and the maps in each publication are shown below.

Downloading a map. First, decide which map you want, and note the title of the "publication" wherein that map resides. You must download that entire "publication." You can't download single maps within a "publication." Next, go to the *Search Publications* page on the CALMAC site. In the upper left text entry box of that page {"Simple Search"} type "Statewide Residential Customer Needs Assessment" Be sure to enclose the title in quotation marks. The "Results" screen of this search will show all the publications pertaining to the study. Scroll down the list to find the title of the particular "publication" you want. Click on the associated icon to download it to your computer. You can then unzip the file to view the maps.

Help? If the size or process of downloading these files seems daunting, please contact me to discuss other possible arrangements for obtaining copies of this data.

Happy Hunting!
